

You're ready to transform. We're here to help you.

With your early success and *The MC Retainer Package* – you have the ability to transform your business.

With *The MC Retainer Package*, you pay a fixed monthly fee only for the level of service you need. Our package provides all the day-to-day legal solutions your business might encounter. We know what to expect and how to handle it. This is just one of the ways we'll help you transform.

Your company's corporate records will be kept up-to-date, so you're always ready for the next step in your growth. And when you're handed a contract like a non-disclosure agreement or a services agreement, just send it to us, and we'll show you the ropes.

Clients like you turn to us for employment, intellectual property and financing issues, too. Want to grant options to a new employee? You've got it. Need a reminder on the steps to ensure IP is protected? Just give us a call. It's all included so you're not thinking about legal bills. You're focusing on your business.

Always the right size

With regular check-ins, we will always stay current with your needs and help you address issues early. We also want to ensure the package continues to work for you. As your needs change, we're happy to adjust the monthly payment to better reflect the value of the service you are getting. That's how we're transforming with you.

Contact your MC lawyer. Or, call 1.855.622.6668 or email startups@mcinnescooper.com.

Transforming with you.
