Dear Mr. Wallace:

**Re: Simon Logan v. Her Majesty the Queen
Court File No.: T-1358-18**

As you know, the parties met with the Federal Court to give a progress update on June 21, 2022.

At this meeting, the Government of Canada advised Class Counsel and the Court that it is making good progress and working with due haste to resolve this important and complex matter. Further, the parties are currently collaborating to create a mechanism to share necessary data and information in view of settlement negotiations.

The Government of Canada is committed to resolving the file and the parties remain hopeful that a settlement agreement can soon be reached. If any such agreement is reached, the parties will advise Class Members and seek the necessary Court approval as quickly as possible.

Yours truly,

Lori Ward
General Counsel
